THE [*Numb.* 909.]

MARYLAND GAZETTE,

Containing the lateſt Advices foreign and domeſtic.

THURSDAY, *October* 7, 1762.

LONDON, *July* 3.

IN a Letter from Paris there is a pompous Account of the Zeal ſhewn by the French Subjects, for reſtoring the Marine of that Nation; it runs thus.—"The King, agreeable to the Deſires of his Subjects, has ordered Workmen to aſſemble, and Materials of all Kinds to be collected, in different Ports, to build the Veſſels which have been complimented him by the States, Cities and Bodies in this Kingdom. The following is a Liſt of theſe Veſſels, with their Ports in which they are to be fitted out.

Toulon. The Languedoc of 80 Guns, given to his Majeſty by the States of Languedoc; the Zele of 74 Guns, given by the Receivers General of the Finances; the Burgundy of 74, by the States of Burgundy; the Marſeilles of 74, by the Chamber of Commerce of Marſeilles; the Union of 64, by united Preſents of different People.

Bourdeaux. The Utile and the Ferme, of 54 Guns each, by the Farmers-General; the Flamand, of 54, by the States of Flanders; the Bourdelois, of 54, by the Parliament and City of Bourdeaux.

Rochefort. The City of Paris, of 90 Guns, by by the City of Paris.

L'Orient. The Diligent of 74 Guns, by the Regiſſeurs de la Poſte; the Six-corps, of 60, by the Six Bodies of Merchants at Paris.

Breſt. The St. Eſprit of 80 Guns, by the Order of St. Eſprit; the Citoyen, of 74, by the Bankers of the Court and the Treaſurers General for the Extraordinaries of War, Artillery, and Proviſions for the Army.

Dunkirk. The Arteſienne, of 44 Guns, by the States of Artois.

Behold already, ſay they, 14 Ships of the Line, and a Frigate, which the Zeal of the Nation has procured to the King; and this Number muſt certainly every Day be augmented by the noble Emulation which at preſent reigns amongſt all Ranks.

The Receivers of the Taille in Dauphiny, have agreed to furniſh the ſame ſum with the Receivers General of this Generality for conſtructing a Ship of War.

Thoſe of Campagne have taken the ſame Reſolution.

The Chapter of the Cathedral of Bourdeaux has contributed 10,000 Livres, for Augmentation of the Marine.

The State of the Country of Bigorre have offered all the Timber in the Province, fit for building Ships, which they ſhall be at the Trouble and Expence of conveying to the Extremity of their Country.

July 8. The moſt authentic Accounts relative to the Operations in Portugal are to this Effect: It is the Deſign of the Portugueſe and Engliſh to ſuffer the Spaniards to penetrate into the Country; and, if poſſible, to entice them even ſo far as the mountainous Parts, in order that a Diviſion of the Confederate Army may be puſhed behind their Rear, and cut off their Retreat: If this Stratagem can be effected, it will be eſteemed of more Advantage than a Victory, becauſe the whole Spaniſh Army will then be neceſſitated to ſurrender; whereas, in caſe of a Battle, a great Part may fly and fight another Time. The Portugueſe Troops are not in bad Condition, nor undiſciplined: Lord Tyrawley's Son has lately reviewed them, and found they amounted to 35,000 effective Men; and he affirms, they are as fine, and, to Appearance, as brave Troops as any in Europe. There is no want of Money; owing to a wiſe Precaution of the late King John; who reſerved an immenſe Treaſure, and ſacredly depoſited it in a Number of Cheſts, to be appropriated to the ſingular Purpoſe of being expended in the Defence of the Kingdom whenever it ſhould be invaded; and he ſtrictly prohibited his Succeſſor from making any other Uſe of it. A Gentleman, who laſt Week arrived in Town from Liſbon, declares, he ſaw ſeveral of theſe Cheſts carried to the Mint,

July 13. On Wedneſday laſt the Mermaid Frigate brought into Plymouth the Serviceable French Privateer, of 10 Guns, and 80 Men, which had been out but two Days, and had taken nothing.

Extract of a Letter from Cadiz, June 14.

"The Captain and the other Officers of the Hermione have been ſent here by a Flag of Truce; and on their Arrival were put in Priſon, and Commiſſioners named to try them. The Hermione's Cargo was worth at leaſt Five Millions of Piaſters, and her Loſs will probably occaſion many Bankruptcies. An Engliſh Frigate, of 30 Guns, attempted lately a Deſcent at Vivero; but the neighbouring Inhabitants drove her off to Sea again, and ſhe was much damaged by the Fire from a Battery on the Coaſt."

Prince Henry of Pruſſia having ſent 340 Auſtrian Priſoners down the Elbe, for Magdebourg, the Veſſel they were on board ſtruck on a Sand-bank; when the Eſcort deſired the Priſoners to lend their Aſſiſtance to ſet her afloat again; but the latter refuſed, alledging it was their Conductors Duty to convey them ſafe and ſound to the Place of their Deſtination. The Pruſſians therefore were obliged to ſet to Work alone to get the Veſſel off, but had no ſooner laid down their Arms than the Auſtrians ſeized them, and made the Pruſſians Priſoners in their Turn. After which, having got the Veſſel afloat, they ſteered for Dreſden, where they arrived the 20th of laſt Month.

By the Dutch Mail, which is arrived this Day, we learn, that the Allied and French Armies continue in the ſame Poſitions they took after the late Action; that the Number of private Men of the French who were made Priſoners is not ſo great, as it was at firſt ſuppoſed, not exceeding 2000; but that the Number of Officers is actually 150, among whom are five Colonels of the Grenadiers of France, and the Viſcount Broglio; that only three Pieces of Cannon were taken, with five Pair of Colours, and ſome Standards, but a very large Number of rich Equipages; and that the Engliſh Troops ſuffered moſt; 200 were made Priſoners, beſides thoſe who were ſlain in the Field.

Admiralty-Office, July 12. 'Tis ſaid that two of the Ships which were cut out of the Port of Finiſtetre, have Effects to the Value of 10,000 l.

BOSTON, *September* 16.

By a Veſſel arrived at York at the Eaſtward, from Halifax, which Place ſhe left the 7th Inſtant, we are informed, That the Troops which embarked on board the Tranſports for the Expedition againſt St. John's ſailed from thence on Monday the 30th of Auguſt; they were to ſtop at Louiſburg to take the Troops from thence.—A Veſſel was arrived at Halifax from ſome Part of Newfoundland, who on her Paſſage, five Leagues from St. John's, on 31ſt of Auguſt, ſaw Lord Colvill, with the Ships that ſailed with him; He had not been joined by any Ships from England. It is ſaid the French Ships were not then ſailed from St. John's, but were all in Readineſs; that the Number of their Guns were four more than the Ships which Lord Colvill had.

We have Advice from Martinico, that French and Spaniſh Privateers are vaſtly thick about that Iſland and Dominico, and that they have taken a Sloop fitted out at Martinico by the Government to protect the Trade, commanded by one Rogers.—They alſo took Capt. Tufton, in a Brig belonging to this Port, and was bound from Barbados to Martinico; but the Brig was afrerwards retaken by a London Privateer, who carried her to St. Thomas's, and there ſold her.—A large Schooner from Martinico, deeply loaded, ſuppoſed to belong to one of the Northern Ports, was alſo taken, and carried to Porto-Rico.

We hear that this Schooner was Capt. Briant's with a valuable Cargo of Sugar for this Place.

Extract of a Letter, dated Porto-Rico, July 10.

"The 3d Inſtant took Paſſage in a Sloop belonging to Boſton, Smallege Maſter, from St. Croix to Boſton, and on the 5th was taken by a French Spaniard, a Sloop of ten Guns, who alſo took a Brig belonging to Philadelphia, bound to Jamaica, Lawrence, Maſter: On the 8th arrived at Porto-Rico: On the ſame Day was carried in there a large Schooner belonging to Philadelphia: There were alſo 15 or 16 Prizes more there, carried in a few Days before; where they were in cloſe Goal, and Maſters only allowed one Bitt per Day. The Seas hereabouts, and to Windward, are full of theſe Martinico Runaways, under Spaniſh Commiſſions, who are conſtantly ſending in Prizes to St. Croix and St. Thomas's.

Sept. 20. Capt. Bartlet from Liſbon informs, That the Spaniards on the Territories of Portugal had gained no further Advantages than thoſe which we have already given an Account of; and have ſince the Arrival of the Britiſh Troops there, been very inactive, and ſeem to be at a Stand; and that the Apprehenſions of the Portugueſe were at preſent in a great Meaſure ſubſided:—That they had received no Advice there of any Engagement between Admiral Saunders and the Spaniſh Fleet; but confirms the Account of the Active and Favourite Frigates having taken a Spaniſh South Sea Man of great Value, and carried him into Gibraltar, from whence he was convoyed to England by the Active and one Ship of 74 Guns.—That they had Advice of the French being in Poſſeſſion of St. John's in Newfoundland, in 27 Days after it was taken; and that by the Packet from England they had an Account of the ſame News being received there. Capt. Bartlet ſailed in Company with Capt. Glover, in a Schooner bound to Cape-Ann.

Yeſterday the Maſter of a Fiſhing Schooner arrived at Cape-Ann from Louiſburg, which left that Place a Fortnight ago, and informs, That a Cartel Veſſel arrived there in 6 Days from St. John's, who informed that Lord Colvill was off St. John's, and had blocked up the French Men of War there. The Tranſports with the Troops were juſt upon ſailing from Louiſburg as he came out.

Extract of a Letter from Liſbon, July 30, 1762.

"Our Privateers went into a Spaniſh Port near Cape-Finiſterre, and brought from thence four ſail of Ships, laden with Wine for the Spaniſh Fleet; and our Men of War and Frigates have taken three Spaniſh Ships valued at two or three Millions Sterling and carried them into Gibraltar.—The Acteon Frigate took a homeward-bound Galleon with upwards of Two Millions Sterling. We are ſorry to hear that Newfoundland was taken by 4 Men of War."

Extract of a Letter from the Maſter of a Sloop belonging to this Port, to his Owner, dated at St. Croix, Auguſt 13.

"We were taken in Sight of Guadaloupe by two Privateers, one French, the other Spaniſh, and ordered to Porto-Rico; but on our Paſſage was retaken by Capt. Tucker, and brought into this Place. There are two or three French Privateers cruizing round each of the Engliſh Iſlands to Windward, who have either taken or cut out almoſt every Veſſel that comes that Way; they lately cut out of the Grenades three New-England Veſſels in one Night, one of them is here, a large Topſail Schooner."—

NEW-LONDON, *September* 16.

Extract of a Letter from Norfolk in Virginia, dated Auguſt 7, 1762.

"I met with a Wreck about 12 Leagues E. by N. from Cape-Henry, which proved to be a Schooner, about 70 Tons, a Brimſtone Bottom, very clean, with a Row of Poſts fore and abaft; no living Body on board: Made an Attempt to tow her in, but the Sea running very high, and a Sail heaving in Sight, prevented my Deſign."

NEW-YORK, *September* 27.

Friday Morning laſt the Pitt Packet Boat, Capt. Goddard, failed with the Mail for Falmouth.

Saturday laſt came to Town John Huſſy, an Inhabitant of this Place, and one late belonging to Captain Thodey's Company of Provincials, who ſailed from New-York in June laſt for the Havannah, in the ſecond Diviſion of Tranſports: He is one of thoſe who were taken, on board the five Tranſports by the French Men of War, on the 21ſt of July laſt, and informs, That the Night following two of the Tranſports, the Nathaniel and John, and the Britannia, were loſt on the Iſland of Maguana, together with one of the French Frigates: That the Crews of each Veſſel, as well as the Soldiers, got ſafe to the Iſland, and remained there 3 Days before they were taken on board by the French Men of War, when they were carried to Cape-Francois, where they arrived the 21ſt of July, and the Sick ſent directly to the Hoſpital, whilſt thoſe in Health were kept on board, and diſtributed among the Men of War in the Harbour: That thoſe ſent to the Hoſpital were uſed but very indifferently: That he (Huſſy) was obliged to make his Eſcape in his Shirt down to the Sea, where he luckily met a Flag-Brig, bound to New-London, and got on board her: That on the 24th of Auguſt the Brig left the Cape, in Company with 13 other Veſſels, ſome bound to France, others to St. Euſtatia, &c. &c. but that on the 25th, the Fleet was met with by the Privateers New Grace, Capt. Taylor, of Philadelphia, and the Speedwell, Capt. Kemp, of New-Providence, when they took one Flag-Sloop, the French Brig that is arrived at Philadelphia, and the New-London Brig: That thoſe Men belonging to the Regulars which were taken, being the beſt Part of eight Companies of the 58th Regiment, as alſo ſuch of Capt. Thodey's as were in Health, were on board the Men of War, deſigned to be carried to France; And that the French offered ſome Hundred Dollars to the Engliſh to enter on board to work home the Veſſels, one Half of which Sum would be paid down.

Mr. Huſſy continues his Information by ſaying, That there were at the Cape one Ship of 80, two of 74, and one of 60 Guns, beſides two Frigates, which were near loaded with Sugars, &c. and deſigned ſoon to depart for France, with a large Convoy; That the French Merchants appeared very uneaſy, when they heard of the Progreſs the Engliſh made againſt the Havannah, ſaying, they did not expect to hold their Poſſeſſions above a Month, as the Britiſh Forces, they thought, were deſtined next againſt them.

PHILADELPHIA, *September* 30.

Tueſday arrived here the Prize Sloop American, late Capt. Bareton; ſhe was bound from Cape-Francois to Corocoa, her Lading Sugar and Coffee. She was taken by the Privateer HERO, Captain APPOWEN, of this Port; as was likewiſe, at the ſame Time, the Sloop Young Samuel, Nicholas Dirkes Commander, bound alſo to Corocoa, from the Cape, and her Cargoe, we hear, the ſame as the above. There was a third Sloop in Company, which the Hero had ſent in purſuit of. Captain Appowen has likewiſe taken a Brig from Hiſpaniola, laden with Molaſſes, and ſent her to Providence.

Arrived at Antigua. Captain Anderſon, from Virginia; Captains Davis and Webb, from Maryland; and Capt. Robeſon, from this Port.

MEDICINES,

For the speedy Recovery of all such as are afflicted with any of the undermentioned Disorders.

RIVINGTON and BROWN,

Booksellers and Stationers in MARKET-STREET, PHILADELPHIA, have just imported the following most excellent and universally approved of Medicines, prepared very carefully by the eminent Dr. HILL, of *London*, *viz.*

For the Cure of the GOUT *and* RHEUMATISM,

A NEW DISCOVERED MEDICINE, *called*,

ELIXIR of BARDANA.

The BARDANA is a common innocent British Plant; its Virtues against the Rheumatism have always been known; and the Physicians of Edinburgh, who have distinguished themselves eminently in the Improvement of Medicine, now give it constantly and successfully in that Disease. The Author claims no Merit but that of extending its Use, assisting its Efficacy, and reducing it to a Form in which it may be more conveniently taken. It is pleasant, safe, and effectual; and if we judge from the first Experience upon himself, and the happy Effects of its Use in a Number of other Cases in *London*, there is Ground to hope these Diseases will no longer so grievously torment Mankind. Price Seven Shillings a Bottle.

For the certain Cure of the SCURVY, LEPROSY, *and all Obstinate Disorders of the* SKIN,

THE ESSENCE OF WATER-DOCK.

The Virtues of which are such, as to cure the most inveterate Degrees of the Scurvy; it not only clears the Skin of all Breakings out, but mends the Constitution. Persons afflicted with the Scurvy are subject to have bad Stomachs, and to be miserably low-spirited, and many have those Complaints, not knowing that the Scurvy is the Cause. This Medicine takes off the Faintness, creates an Appetite and Digestion immediately, clears the Skin, and prevents future Eruptions. Price Seven Shillings a Bottle.

The most successful Medicine that ever was used for the effectual Cure of the GRAVEL *and* STONE; *called*,

The Tincture of Golden Rod.

This Medicine has been found very excellent in preventing the Gravel from concreting to Stone, and discharging it without Pain; it will bring away all Gravel as fast as it is deposited in the Kidneys, and never suffers it to lodge or form Stones again; and it has been found by Experience to excel Mrs. *Stephens's*, and all other Medicines used in dissolving Stones. Price Nine Shillings a Bottle.

For the Cure of all NERVOUS DISORDERS, FITS, HEAD-ACHS, LOW-SPIRITS, CONFUSED THOUGHTS, VAPOURS *and* MELANCHOLY; A MEDICINE CALLED,

The Genuine Tincture of VALERIAN.

It is a pleasant Cordial, and enlivening Medicine, it cherishes the Spirits, cures Wanderings of the Mind, all Kinds of Convulsions and Hysterick Complaints, Elipsies and Palsies in all their Stages. Also it is excellent in Sickness of the Stomach, and in Flatulencies, Obstructions, and the convulsive Asthma. Price Six Shillings a Bottle.

Also of the above RIVINGTON *and* BROWN *may be had the following* POWDERS.

SEXTON's POWDER,

For the certain Cure of the SMALL-POX *and* MEASLES.

This Powder, from the incontestible Proofs of Success in Families of the greatest Distinction and Reputation, makes it almost needless to mention its superior Excellence to the Cure of that dreadful Distemper the Small-pox; which by this Medicine is rendered no more dangerous than any common Eruption, being possessed with that specific Virtue, as to destroy the Malignancy of the poisonous Matter, and discharging it by gentle Perspiration, which, from an over Quantity, occasions all the dangerous Attendants of the Disease; it helps Nature, by throwing out the virulous or pocky Matter from the internal Viscera to the external Parts, kindly promoting a due Maturation (so difficult to be obtained by the common Methods of Practice) and entirely prevents the secondary Fever, and will with the greatest Certainty cure most Fevers in a short Time, and is withal so innocent as to be given to Children in the Month, without the least Hazard or ill Effect by any Violence of Operation. These Powders have saved the Lives of many Thousands; are in the utmost Esteem in Europe, and have been greatly used in recovering Negroes in the West-Indies. Price Twelve Shillings for a Quantity sufficient for the Recovery of a single Patient.

Dr. JAMES's POWDER *for* FEVERS.

This Powder, if taken agreeable to the Directions, will remove any continual Acute Fever in a few Hours, though attended with Convulsions, Lightheadedness, and the worst Symptoms, but if taken at the Beginning of a Fever, one Dose is generally sufficient to perform a Cure. It is likewise a most effectual Remedy for all internal Inflammations, Pleurisies, Quinsies, Acute Rheumatisms, and the Lowness of Spirits, and Uneasiness proceeding from latent Fevers, which are generally mistaken for Vapours and Hysterics. And a single Dose remarkably stops the Progress of a Cold, and certainly prevents the ill Consequences arising from that very common Disorder, the Source of almost all Distempers. Price Six Shillings for a Paper containing two Doses.

Likewise at the same Store is sold,

Several Sorts of perfumed Waters, Smelling Bottles, Court Plaister, Tooth Powder and Brushes, and an elegant Assortment of Jewelry and Trinkets.
